

DOGUE DE BORDEAUX RESCUE

How could you say no to this face?

Unfortunately too many people do. Many of these majestic Dogues are euthanized each year because people say no. No to proper care. No to making a lifelong commitment. No to treating a dog like a family member.

That is where we come in. Dogue De Bordeaux Rescue has been operating informally using our own money, since 2005 & has successfully re-homed many beautiful Dogues that for some reason or another needed help to get them out of a horrible situation.

In 2012, we became a registered, tax deductible charity & desperately need you to say yes!

What we do.

We have contacts in lots of pounds & veterinary clinics that advise us when a Dogue is either surrendered or found. We then advise the local people that are on our waiting list to see if they may be interested in that particular dog (if it suits their circumstances) and start making arrangements for rehoming.

If this fails and nobody wants to adopt them, we arrange to pick them up on the "put to sleep" day and transfer them to one of our Foster-homes. During this period, any entire Dogues are then spayed and all are thoroughly health & temperament tested to ensure proper placement in their new forever home.

This vet work is often expensive as it is rare that a healthy dog becomes lost or surrendered & our costs are never covered by the meager adoption fee that we charge.

Diesel aged 11 Months. Surrendered Nov 2012.

Needs: Spaying, Mange Injections, Antibiotics,
lifetime registration & proper food to help his
nutritional deficiency.

Our cost over \$900. Adoption Fee \$350.

Diesel is only 1 of many Dogues that we have
re-homed and the numbers are growing each year.

**If you are interested in adopting a
Dogue de Bordeaux, or if you can
help us with any donations at all,
please head to
